Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliant smile like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed complexion. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and pleasant, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve tonic adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

MINE DISASTER IN MEXICO.

One of the greatest disasters in the history of Mexico coal mining, resulting in a heavy loss of human life, took place early yesterday in the Palau mine at Las Esperanzas, Mexico. The toll of human life which paid the penalty of negligence on the part of some miner is officially placed at 70, while the list of injured numbers nearly as many, principally Mexicans and Japanese.

The explosion occurred in the No. 3 shaft of the coal mine of the Esperanzas Mining Company, and is attributed to the ignition of gas by the flame of a miner's cigarette.

As soon as the air in the shaft could be purified sufficiently to permit rescuers to descend, many volunteers were ready to risk their lives in an endeavor to succor their stricken brothers below.

In the third level a terrible sight met the eyes of the rescuers. Scattered about in various positions in the workings they found the bodies of the men suffocated, their faces indicating in many instances the bitter fight they had waged to reach pure air and safety.

After six hours' work 65 bodies were brought to the surface, while nearly 40 injured men were removed to hospitals for treatment.

Screaming women and children were congregated about the mouth of the shaft as body after body was brought to the surface.

ADMINISTRATIVE MEASURES.

The administrative programme, as revised by leaders of the Senate and House and given the stamp of White House approval, comprises the following legislation:

Statehood for Arizona and New Mexico in the form of the Senate bill, which provides for ratification by Congress of the constitution of the new states after approval by the president.

Postal savings banks with safeguard against funds being transferred from sections where originally deposited to the money centers.

Giving to the president authority to withdraw from entry public lands desired for conservation purposes or classification, the withdrawals to remain in force until revoked by him or by acts of Congress.

Federal incorporation open to the voluntary application of concerns engaged in interstate business and willing to subscribe to federal regulation.

Creating a court of commerce and amending the interstate commerce act as provided by the Townsend-Ellis bill.

Creating a legislative council for Alaska, the members to be appointed by the president.

All the measures designated are to be enacted into law if the influence of President Taft and the leaders in charge of the machinery of the Senate and House is powerful enough to carry the programme through.

BIG NEW DOCK FOR NORFOLK.

Provision for four docks large enough to accommodate the 20,000-ton "super-dreadnoughts" of the Arkansas and Wyoming class, now under construction for the American navy, were urged upon the consideration of the House naval committee yesterday by Secretary Meyer. Unless such provision is made there will be no docks to accommodate the new battleships when they are completed.

Secretary Meyer reports that two such docks should be provided for the Atlantic coast—one at New York and one at Norfolk—and two for the Pacific coast—one at Pearl Harbor and one on the west coast. But only one is to be a new dock throughout, and that he proposes to construct at the Norfolk navy yard. The other three docks are to be enlarged.

For the new Norfolk dock, to be known as No. 4, Mr. Meyer asked for an appropriation of \$2,000,000. This dock will be new throughout, unless an alternative plan is adopted for the enlargement of No. 3 dock at Norfolk at a cost of \$700,000. A new dock will probably be recommended by the committee.

AT WAR WITH SENATORS.

The South Carolina Senate is at war with United States senators, southern senators in particular.

Apparently following the refusal to concur with the House in an invitation to Senator Tillman to speak Tuesday, the Senate yesterday received a concurrent resolution from the House extending an invitation to Senator James W. Bailey to speak on the income tax question. Opposition to the resolution grew so that it was withdrawn. Senator Bailey was assisted by a number of senators, the point being raised that he was not the man to address that Senator Sinkler, of Charleston, saying that he was beset by Standard Oil and had only been cleared by the people of Texas by a State vote. Senator Westcott, of Columbia, criticized the senators who attacked the senator from Texas, and said such language from them was shameful, as Senator Bailey is a democratic senator and as such should be treated with respect.

FARMER CUTS HIS THROAT.

Matthew Beal, a farmer, committed suicide yesterday morning, near Spencerville, in the vicinity of Sandy Spring, Md. He appeared in his usual cheerful frame of mind when he visited the store of Dr. J. B. Batson, at Spencerville, Tuesday, and there was nothing in his conduct to indicate that he contemplated such a rash act. When his wife called him about daylight, yesterday morning, she found he had already gone from the house. Mrs. Beal noticed that her husband's razor was also missing. His son was notified and after a search found Beal lying in the stable with his head nearly severed.

He had removed his coat, collar and necktie and had hung them on the edge of a stall where the horses were; then lying down, cut his throat from ear to ear, severing his windpipe.

Beal was 68 years of age and is survived by his widow and six children.

Sufferers who say they have tried everything without benefit are the people we are looking for. We want them to know from glad experience that Ely's Cream Balm will conquer Cold in the Head, Hay Fever, and obstinate forms of Nasal Catarrh. This remedy acts directly on the inflamed, sensitive membranes. Cleansing, soothing and healing. One trial will convince you of its healing power. Price 50c. All druggists, or mailed by Ely Bros., 56 Warren St., New York.

Charles R. Helke, secretary of the American Sugar Refining Company, accused of conspiracy in the sugar-trading frauds, yesterday in New York pleaded immunity from prosecution on the ground that he had incriminated himself in a previous hearing. Counsel for the government contended that the plea of immunity was a confession of guilt and asked for a conviction on it.

Summer Homes Folder, Season 1910.

It is suggested that any of the readers of the Gazette who desire to entertain boarders for the ensuing summer furnish Mr. L. S. Brown, General Agent, Southern Railway, 705 15th street northwest, Washington, D. C., immediate information as to name of resort, postoffice address, at or near what station, what distance from station, convenience from station to house, number of guests, terms day, week and month.

We would be pleased to see the country full of boarders next summer and would be glad to send you a folder containing names of persons who will accommodate them for the coming summer season.

This information should reach Mr. Brown not later than February 10th.

A bill providing for the amendment of the census law to require the enumeration of cattle slaughtered and hides produced in country slaughtering houses and the collection of information concerning irrigated lands was passed by the House yesterday. Southern members made speeches on the race question when the subject of the appointment of negroes as enumerators was brought before the House.

Mardi Gras Celebration, New Orleans.

Account above occasion Southern Railway will sell reduced fare tickets from all points in Virginia, including Washington, D. C., to New Orleans, February 1, 2, 3, 4, 5, 6, 7; final limit to reach original starting point and later than midnight of February 19. Original purchaser of tickets may secure an extension of the final limit to and including March 7, 1910, by personally depositing with the special agent, 718 Common street, New Orleans, not later than February 19, 1910, and upon payment of one dollar (\$1.00) per ticket at time of deposit. Consult agents.
